

Gardening Song

Verse 1:

C

You start with the seed and sow it in the ground

G

1, 2, 3 pop it in and make a mound

Am

Water it each day enough to drink but not to drown

F

Bathe it in the light each day until it becomes a sprout

Verse 2:

C

If you started your seeds inside, you'll watch it rise and rise

G

In 2,3,4 weeks, you'll take it out to thrive

Am

When true leaves have formed the time to transplant has arrived

F

Just remember to check the instructions on the package and you'll be fine

And now it's your turn to try!

Chant and dance:

C

Put the soil in the pot x4

G

Put the seed in the soil x4

C

Water the seed x4

G

Watch it grow x4

C

G

Am

F

What are you gonna do when it grows big and strong, watching it grow all month long?

Take it out and...

C

Plant the veggie x4

G

Watch it grow x4

C

G

Am

F

When it's all grown up and ready to eat, what are you gonna do next with your veggie?

C

Pick the veggie x4

G

Wash the veggie x4

C

Chop the veggie x4

G

Eat the veggie x4

C

And you'll grow up big and strong too!
